- Repair of excavator and loader buckets;
- Grain grits;
- Steel pipes;
- Pipe brackets and flanges;
- Profile cutting;
- Specialized welding;
- All general steel work - Mild steel, Stainless steel, Aluminium.

COMPANY POLICIES:

1. OCCUPATIONAL HEALTH AND SAFETY POLICY

Obligations:

Management is firmly committed to a policy enabling all work activities to be carried out safely, and with all possible measures taken to remove (or at least reduce) risks to the health, safety and welfare of employees, contractors, authorized visitors, and anyone else who may be affected by our operations.

We are committed to ensuring we comply with the *Workplace Health and Safety Act 1995*, the *Workplace Health and Safety Regulations 1998* and applicable codes of practice and South African Standards as far as possible.

Responsibilities:

Management:

Will provide and maintain as far as possible:

- a safe working environment;
- safe systems of work;
- plant and substances in safe condition;
- facilities for the welfare of employees;
- information, instruction, training and supervision that is reasonably necessary to ensure that each employee is safe from injury and risks to health;
- a commitment to consult and co-operate with employees in all matters relating to health and safety in the workplace;
- a commitment to continually improve our performance through effective safety management.

Employees:

Each employee has an obligation to:

- comply with safe work practices, with the intent of avoiding injury to themselves and others and damage to plant and equipment;
- take reasonable care of their own health and safety and the health and safety of others;
- wear personal protective equipment and clothing where necessary;
- comply with any direction given by management in relation to health and safety;
- not misuse or interfere with anything provided in the interest of health and safety;
- report all accidents and incidents on the job immediately, no matter how trivial;
- report all known or observed hazards to their supervisor or manager.

Application of this policy:

We seek the co-operation of all employees, customers and visitors. We encourage suggestions in realizing our health and safety objectives to create a safe working environment with a zero accident rate.

This policy applies to all business operations and functions, including those situations where employees are required to work off-site.

2. **ENVIRONMENTAL POLICY:**

We believe that the environment represents a strategic resource for both current and future generations. We need to minimize the impact, which its activities have on the environment by applying appropriate, cost effective measures to foster environmental, sustainable economic development. The following principals are embodied in the Company's Environmental Management Program and practices:

- Environmental concerns are part of the day to day activities of the Company's operations.
- All activities, from planning to implementation of projects, incorporate efficient use of resources and minimization of both environmental impacts and waste generation.
- The Company needs to strive to continuous improvement of environmental performance in the light of economic, technical and scientific change.

3. **EMPLOYMENT EQUITY POLICY:**

Nuwelco Engineering and Mining Supplies CC are committed to creating and maintaining an environment, which provides equal opportunities to all its employees, with special consideration for historically disadvantaged groups. It will take steps, where possible, to promote equal opportunity in the workplace by eliminating unfair discrimination in any employment policy or practice.

Nuwelco Engineering and Mining Supplies CC have always strived to practice equal opportunities and non-discriminating policies in the workplace. It is our firm commitment and intention to focus on efforts to enable employees who were previously disadvantaged to develop to their highest potential and take advantage of opportunities for advancement.

Nuwelco Engineering and Mining Supplies CC believe that it has a responsibility to resource all levels of the business, in order to promote the development of the workforce and management structure.

We are committed to ensuring we comply with the Employment Equity Act, No. 55 of 1998 and applicable codes of practice as far as possible.

This policy also applies to the following:

- **Recruitment and Selection:**
 - ❖ We strive to eradicate discrimination and accelerate, on merit, the employment of PDIs.
 - ❖ Internal advertising and appointments take preference over recruitment from external sources.
- **Training and Development:**

We strive to:

 - ❖ Systematically analyze and evaluate the existing levels of competence and develop the potential of all employees.
 - ❖ Introduce a system of mentorship whereby support will be provided at all times.
 - ❖ Provide ongoing in-house and hands-on training.
- **Promotion / Advancement:**

We strive to:

 - ❖ Continue to promote from within as has been the case in the past.
 - ❖ Identify potential candidates and provide them with the required training and exposure.

- **Conditions of Employment:**

- ❖ Equal pay and equal benefits for equal work.
- ❖ Conditions of employment will apply to all employees, regardless of race, gender, creed or cultural diversity.
- ❖ All industrial codes and procedures are applied equally and fairly to all employees. Nuwelco Engineering and Mining Supplies CC are fully committed to this Employment Equity Policy, which serves as our overall policy.

4. **QUALITY POLICY:**

(ACHIEVED ISO 9001:2015 CERTIFICATION – CERTIFICATE ATTACHED)

Nuwelco Engineering Mining Supplies CC will endeavor at all times to uphold its reputation of being a quality supplier of products and services within the engineering field.

We passionately believe that delivering quality, health & safety and environmental best practice is fundamental to the success of the company. It is the policy of Nuwelco Engineering Mining Supplies to continually meet and exceed customers' requirements whilst maintaining profitably, therefore ensuring the organizations future prosperity.

To achieve this aim we have adopted a policy to establish, maintain and develop an effective Quality Management system based on the requirements of ISO9001:2015 Standards. The system is not limited by this standard and in addition, through programs of continuous improvement, in which all employees are required to participate, the system will continually be reviewed and improved.

It is the responsibility of each individual employee to fully understand and comply with the company policy in the most effective way. Practical assistance and training will be given to ensure the relevant knowledge and experience as acquired to successfully increase his or her standard of workmanship. Our training policy is to ensure that our people at all levels are suitably qualified and trained for the tasks that they are required to undertake by providing ongoing training and educational programs.

Nuwelco Engineering Mining Supplies will not compromise the integrity of its products and services in an attempt to satisfy short term goals. We are committed to long-term growth, financial stability and continuous upliftment of our employees and will achieve this by utilizing a business approach that takes into account the needs of all our stakeholders and which encompasses an attitude of 'Quality First'.
